Career Objective

Enthusiastic and detail-oriented Computer Science and Data Science student, eager to apply engineering principles to solve complex problems and deliver innovative software solutions. Committed to fostering a culture of inclusion and collaboration, I aim to leverage my programming skills and passion for technology to empower users and organizations worldwide.

Education

Degree	Institute	Board/University	CGPA/Percentage	Year
B.Tech	GRIET, Bachupally	GRIET	8.56/10	2023-2027
Intermediate (MPC)	Shivani Junior College	TSBIE	95.6%	2023
SSC	St.Thomas High School	SSC	10/10	2021

Projects

- **Car Rental Web Application** *2025*
  MERN Stack (MongoDB, Express.js, React.js, Node.js) Live Demo
  - Developed a full-stack car rental platform using the MERN stack that enables users to browse available vehicles, view detailed specifications, and book rental cars through an intuitive web interface.
  - Designed and implemented a responsive user interface using React.js, ensuring smooth navigation and accessibility across different devices including desktops, tablets, and mobile phones.
  - Built secure user authentication and authorization features including user registration and login functionality to manage customer access to booking services.
  - Implemented dynamic car listing and filtering functionality allowing users to explore available vehicles with information such as car model, rental price, availability status, and images.
  - Developed booking and reservation modules enabling customers to select cars, specify rental duration, and confirm bookings through an interactive interface.
  - Created RESTful APIs using Node.js and Express.js to handle backend operations such as data retrieval, booking management, and user authentication.
  - Utilized MongoDB with Mongoose for efficient data modeling and storage of user details, car information, booking records, and application metadata.
  - Integrated frontend and backend services to ensure seamless communication between React components and server APIs for real-time updates and efficient data handling.
  - Deployed the application online using Vercel, providing a live production environment for users to access the platform.
  - Live Project: https://car-rental-rho-lake.vercel.app/

- **E-Library Application** *May 2024 – April 2025*
  MERN Stack (MongoDB, Express.js, React.js, Node.js) GitHub Repository
  - Developed a full-stack digital library platform using the MERN stack, enabling users to manage and browse a collection of books efficiently.
  - Implemented key features including user authentication (login and registration), a dynamic home page, and book management interfaces.
  - Designed and built an intuitive "Add Book" form with support for entering book details (Title, Author, Book Number, Price) and uploading a cover image and PDF file.
  - Utilized MongoDB and Mongoose for structured data modeling and persistent storage, ensuring efficient handling of file uploads and metadata.
  - Ensured responsive UI/UX with React and integrated RESTful APIs for seamless frontend-backend communication.
  - Github Link: https://github.com/Rakesh-2006-r/E-library

- **Task Submit Checker** *June 2024 – July 2024*
  MERN Stack (MongoDB, Express.js, React.js, Node.js) GitHub Repository
  - Developed a full-stack task management and submission verification platform using the MERN stack to help users create, submit, and track tasks efficiently.

- Implemented secure user authentication and role-based access (Admin/User) for controlled task creation, submission, and review workflows.
- Built dynamic dashboards for task listing, status tracking (Pending, Submitted, Approved, Rejected), and deadline monitoring.
- Designed intuitive task submission forms with file upload support and real-time validation to reduce submission errors.
- Utilized MongoDB and Mongoose for schema design and persistent storage of user data, task details, and submission records.
- Integrated RESTful APIs for smooth frontend–backend communication and ensured responsive UI using React components and hooks.
- Github Link: https://github.com/Rakesh-2006-r/task-submit-checker

Skills

- **Technical Skills**: Python (Basic), C (Basic), Java, OOPS through Java, MySQL, DBMS, Data Structures and Algorithms, HTML, CSS, JS, ReactJS
- **Soft Skills**: Leadership, Communication, Quick Learning, Problem Solving, Teamwork.

Achievements

- **4 Star** on HackerRank in Java.
- **2 Star** in Problem Solving on HackerRank.
- **2 Star** in MySQL on HackerRank.
- **Secured 5th rank** in Coding Contest conducted for 2nd years by Code and Ladders, GRIET.

Coding Profiles

- **Leetcode** : 1,777 rated, leetcode.com/u/Pittala_Rakesh/
- **Codeforces** : 1151 rated, codeforces.com/profile/rakeesh.com
- **Codechef** : 1664 rated, codechef.com/users/rakesh_04_20

Strengths

- Leadership
- Time Management
- Communication

Hobbies

- Competitive Coding
- Exploring new technologies
- Playing Cricket

GOKARAJU RANGARAJU INSTITUTE OF ENGINEERING AND TECHNOLOGY
(Autonomous)
Bachupally, Kukatpally, Hyderabad - 500090

B.Tech, III B.Tech I Sem (GR22), Computer Science and Engineering (Data Science), REGULAR, November/December 2025
Results

Name : PITTALA RAKESH
Roll No : 23241A6752
Branch : Computer Science and Engineering (Data Science)

Note: This is a computer generated document for information purpose only.
This is not a substitute for Marks Memorandum.
Hard copy of Marks Memorandum duly signed by Controller of Examinations is only valid.

S.No.	Subject Code	Subject Name	Grade Point	Grade	Credits	Result
1	GR22A3069	Data Warehousing and Data Mining	8	A	3	P
2	GR22A3070	Artificial Intelligence	7	B+	3	P
3	GR22A3073	Data Warehousing and Data Mining Lab	10	O	2	P
4	GR22A3074	Artificial Intelligence Lab using Python	8	A	1.5	P
5	GR22A3076	Data Visualization	7	B+	3	P
6	GR22A3078	Data Visualization Lab	10	O	1.5	P
7	GR22A3126	Cloud Computing	9	A+	3	P
8	GR22A6006	Introduction to Internet of Things (through MOOCs)	8	A	3	P

Total Credits: 20 SGPA(Including all results for this semester): 8.2

* - Mandatory Course not considered for calculating SGPA/Percentage...

Honors/Minors Courses not considered for calculating SGPA

Institute of Engineering and Technology
Approved by AICTE, New Delhi - Autonomous under JNTUH, Hyderbad

GRIET/DS/INTERNSHIP/2025-26

9th MARCH 2026

CERTIFICATE

This is to certify that **Mr. Pittala Rakesh** bearing **Roll No 23241A6752** of Course **B.Tech CSE(Data Science)** studying in **IIIrd Year** in this Institute is in the top 20% in the branch concerned by virtue of total marks secured.

He is a Bonafide student of this college.

Signature of the Head of the Department

Name: Dr S. Govinda Rao
